Environmental Assessment Has Been Registered

Nova Scotia Transportation and Infrastructure Renewal and the Nova Scotia Department of Agriculture have registered the Environmental Assessment (EA) for the Highway 101 Twinning Project with Nova Scotia Environment for public review and comment. You can view the documents in the following places:

- Windsor Regional Library, 195 Albert Street, Windsor, NS
- Municipality of the District of West Hants Municipal Office, 76 Morison Drive, Windsor, NS
- Nova Scotia Environment, 136 Exhibition Street, Kentville, NS
- EA website: <https://novascotia.ca/nse/ea/highway-101-twinning-three-mile-plains-to-falmouth.asp>

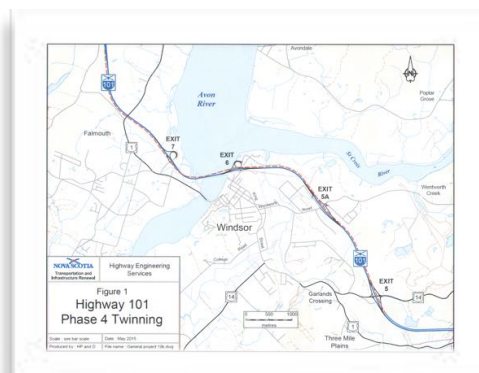

The public is invited to submit written comments to:

Environmental Assessment Branch
Nova Scotia Environment
P.O. Box 442, Halifax, NS, B3J 2P8

on or before **June 7, 2017** or contact the department at (902) 424-3600, (902) 424-6925 (Fax), or e-mail at EA@novascotia.ca.

Project Open House

Join us for an Open House on **June 1, 2017** at the Legion from 2:30 p.m. to 4:30 p.m. and from 6:30 p.m. to 8:30 p.m. We will provide more details on the twinning project and Project Team members will be on hand to answer your questions.

Our Highway 101 TWINS

The Highway 101 TWINS represent two important elements of the highway twinning project: the construction project, and the safety the twinned highway will bring.

Contact Us

You can contact us by emailing us at info@hwy101windsor.ca

About the Community Liaison Committee (CLC)

The CLC was created to give the community an opportunity to share issues, concerns and comments about the Highway 101 Twinning Project with the Project Team. The CLC's members include area residents and representatives from the two local municipalities. Members were chosen with care to ensure full stakeholder representation, and preference was given to those who had strong connections and networks in the local communities.

The CLC is an advisory body and does not have the authority to make project decisions.

Your CLC list of members

Shelley Bibby	Randy Hussey
Brad Carrigan	Kathy Kehoe
Dave Crouchman	Cathie Osborne
Jennifer Copage	Mike Oulton
Louis Coutinho	Darren Porter
Don Dignan	Andrew Sheehy
Liz Galbraith	Sonja Wood
Colin Hines

FAQ

WHAT IS THE HIGHWAY 101 TWINNING - THREE MILE PLAINS TO FALMOUTH PROJECT?

The Project is the final phase of work that began approximately two decades ago to twin Highway 101 from Halifax to Exit 10 – Hortonville. The Project also includes updating of the aboiteau that was originally constructed in 1968-70 to better protect agricultural dykeland along the Avon River, protect the Town of Windsor and nearby communities from tidal flooding, and provide a route for the new Highway 101 and the Dominion Atlantic Railway.

HOW MANY LANES WILL THERE BE?

The current design has four main travel lanes, two in each direction, once the Highway 101 Twinning Project is completed. From Exit 6 to Exit 7 the on- and off-ramps will be connected, creating an extra lane between exits in each direction.

Keep Up to Date

Want to know what is going on with the Highway 101 Twinning Project? The CLC offers several options for keeping up to date:

- Our website at www.hwy101windsor.ca is regularly updated with news on the project, including reports and minutes from our meetings and a calendar of upcoming information events.
- Our Facebook page (<https://www.facebook.com/hwy101clc/>) is another good source for updates on the project.
- Our twitter feed also features regular updates. (<https://twitter.com/hwy101windsorns>).
- Our newly launched newsletter, which you are reading. This is our first edition and we will be sending out more as the project proceeds.
